## HERE ARE SOME EXAMPLES OF HOW THE INSURANCES WORK IN PRACTICE : **WHICH INSURANCE DO I NEED?**

When mooring in the marina, you scrape the stern of the neighbouring boat. The damage to the gelcoat of your charter boat is several centimetres long. Of course, you report the damage when you return the boat, whereupon the charter company retains the deposit as a lump sum. **This is where the Deposit Insurance comes into play!**

On the eve of departure, you come down with the summer flu. No new skipper can be found to fill in at such short notice. The inexperienced crew are not able to proceed without you and the holiday has to be cancelled. Cancellation costs for the journey, charter and subsequent hotel stay are incurred. **This is where the Trip Cancellation Insurance comes in!**

A crash jibe occurs. The boom hits a crew member who has to receive medical treatment for a long period of time and is unable to perform his professional duties. The boat's own liability insurance coverage limits are too low to cover the costs. **This is where the Skipper's Liability Insurance comes into play!**

## 3 STEPS TO THE RIGHT CHARTER INSURANCE

Our new charter insurances adapts to your wishes! Choose an individual combination of several products or simply take out our Deposit Insurance separately. This is how it works:

- 1. What do you like to insure?** Start with the details of your charter or holiday trip. This includes information on the duration, boat length and number of insured persons.
- 2. What would you like your insurance cover to look like?** Now you have the option of selecting or deselecting various insurances. For Travel Cancellation and Deposit Insurance, you can choose an individual sum insured.
- 3. Ready to sail?** If you would like to proceed with your Charter Insurance, we just need your personal data and payment information.
